Council Meeting of
July 8, 2003

Agenda Item: 13

Ms. Patricia Kost
Lynchburg City Council
City Hall
Lynchburg VA

Dear Ms. Kost:

We wish to be heard at the Council Meeting concerning Wyndhurst and Jamerson proposal to build apartments on a ten-acre parcel abutting Beverly Hills Circle. We would like to address the council with a slide presentation based on our research into several issues concerning this development.

It is our expectation that our presentation will only take 10-15 minutes.

Let me inform you at this time that we are asking our neighbors to also come forward, and would appreciate a public hearing format so that they may be heard as well.

In any event, please consider this our official request to be heard before any council actions are taken regarding the zoning change to permit three story apartments and large parking lots abutting Beverly Hills Circle.

Sincerely,

Sara Jane Birgbauer
